Allure B-1 Barstool

With its unique form, sensuous curves and four distinctive wood bases, the Allure Chair, Armchair and matching barstool definitely live up to their name. Legs with an exposed wood edge at the base of the seat lend an air of elegance to the Allure, while a sturdy swivel base with flared legs give the chair a totally different look and feel. Of course, standard legs are also available, and all bases may be stained in our selection of wood finishes. The upholstered seat is available in our wide variety of graded-in fabrics or COM. Base options on chairs and armchairs are standard 4 legs, fixed or swivel flare legs, and exposed wood edges on 4 legs. Allure is perfect for guest rooms, offices, lobbies, restaurants and public spaces. U.S. Patent No. D893,911 and Canada Registration No. 182553/193454/193455 “
