

TABLES

Marble Custom Tops

Marble Table Tops are available in a variety of sizes, colors, and edges. Custom marble tops are also available. All marble tops include MDF board for mounting and are polished with anti-stain treatment. However, marble is a porous material. Food or liquid stains may occur if they are not removed immediately after happening. We recommend that the marble top be re-treated with anti-stain at least twice a year. This is a simple procedure, and there are many available products on the market that will protect the marble during usage. We recommend oversized or heavier table bases versus our standard size bases. Minimum order of 5 pieces per size and color. Looking for granite custom table tops? We offer them as well.

H 0.8"
